

Session Program

17-22 Aug 2026

**12th Workshop on Flavor Symmetries and
Consequences in Accelerators and
Cosmology (FLASY 2026)**

Contributed 5

Commodore Hotel
Gyeongju

Friday 21 August

14:10

15:50

Contributed 5	
Session	Location: Commodore Hotel, Gyeongju
14:10–14:30	Status of GLIMPSE
Speaker	Jong-Chul Park
14:30–14:50	Taming lepton portal dark matter by a non-invertible selection rule
Speaker	Junichiro Kawamura
14:50–15:10	Electromagnetic signatures of axion dark matter halos around primordial black holes
Speaker	Junghoon Joh
15:10–15:30	Mixed wave dark matter and implications in neutrino physics
Speaker	Yechan Kim
15:30–15:50	Multimessenger Probes of Heavy Neutrinos
Speaker	SANJOY MANDAL
