

# Recent Progresses in Gravitational Wave Sciences and Perspectives

## Monday, November 19, 2018

### Session I: Results and issues from GW observations - CTPU seminar room B438 (11:00 AM - 12:30 PM)

time	[id]	title	presenter
11:00	A1	Opening remarks	Prof. LEE, Hyung-Mok
11:10	A2	Astrophysical implications of the gravitational wave observations	Prof. LEE, Hyung-Mok
11:50	A3	Implications of GW observations for neutron star physics and extreme matter	Prof. LEE, Hyunkyuu
