### Session III. Nuclear structure studies at RAON (09:00 - 12:00)

-Conveners:

time	[id] title	presenter
09:00	[11] (d,p) transfer reactions with light Sn isotopes at HIE-ISOLDE	Dr □, □□
09:30	[12] High-resolution in-beam gamma-ray experiments at RAON	Dr □, □
10:00	[13] Decay spectroscopy and fast-timing measurements by using KHALA at RAON	Mr □, □□
10:30	[14] Isospin diffusion and nuclear symmetry energy at supra-saturation densities	Prof. □, □□
11:00	[15] Isospin diffusion measurement from 'far from' the saturation to sub-saturation densities	Prof. □, □□
11:30	[16] Study of the nuclear skin	Prof. □, □□
