Low Radioactivity Techniques 2017

Wednesday 24 May 2017

Session 1: Global radioactivity screening facilities - (09:10-10:50)

- Conveners: Ford, Richard

time	title	presenter
09:10	Overview of World Underground Facilities	YUE, Qian
09:30	Copper Electroforming Service at Laboratorio Subterráneo de Canfranc	BORJABAD SÁNCHEZ, Silvia
09:50	China Jinping underground Laboratory (CJPL): Status and prospect	MA, Hao
10:10	Recent Updates at the BHUC	MOUNT, Brianna
10:30	A development of an ultra-low radioactivity measurement facility at the Center for Underground Physics in Korea	LEE, Moo Hyun
