

# Low Radioactivity Techniques based on ICP-MS at Peking University

*Wednesday, 24 May 2017 14:10 (0:20)*

## Content

1. A brief introduction to the trace analysis lab for Low Radioactivity Techniques at Peking University
2. Isotope dilution analysis using radioactive tracers for U and Th Cu Polymethyl Methacrylate (PMMA [U+FF09] Stainless Steel

## Summary

**Primary author(s) :** Ms. YUAN, Ying (Peking University)

**Co-author(s) :** Prof. WANG, Siguang (Peking University); Mr. QIAO, Hao (Peking University)

**Presenter(s) :** Ms. YUAN, Ying (Peking University)

**Session Classification :** Session 2
