

4th ASILS seminar

Friday, 11 February 2022

Weiwei Liu, Institute of Modern optics, Nankai University, China “High energy THz pulse generation by filamentation in gases and broadband THz detection at high repetition rate”: Weiwei Liu, Institute of Modern optics, Nankai University, China “High energy THz pulse generation by filamentation in gases and broadband THz detection at high repetition rate”
(16:00 - 16:40)
