

PPC 2023: XVI International Conference on Interactions between Particle Physics and Cosmology

Monday, 12 June 2023

Parallel: Cosmology 1 - Conference room (2nd floor) (14:00 - 16:00)

-Conveners: Ki-Young Choi

time	[id] title	presenter
14:00	[119] Search for primordial features in the CMB power spectrum and bispectrum	SOHN, Wuhyun
14:20	[120] Continuous spectrum on cosmological collider	AOKI, Shuntaro
14:40	[121] Primordial black holes from inflation: dark matter, gravitational waves and imprints from evaporation	JAIN, Rajeev Kumar
15:00	[161] Exploring the Non-Gaussianity of the Cosmic Infrared Background and Its Weak Gravitational Lensing	Mr LEE, Jaemyoung
15:20	[123] Composite Dilaton Inflation	CHEONG, Dhong Yeon
15:40	[124] Inflation and tachyonic preheating with twin waterfalls	MENKARA, Adriana
