

PPC 2023: XVI International Conference on Interactions between Particle Physics and Cosmology

Monday, June 12, 2023

Parallel: Cosmology 1 - Conference room (2nd floor) (2:00 PM - 4:00 PM)

-Conveners: Ki-Young Choi

| time | [id] title | presenter |
|---------|---|--------------------|
| 2:00 PM | [119] Search for primordial features in the CMB power spectrum and bispectrum | SOHN, Wuhyun |
| 2:20 PM | [120] Continuous spectrum on cosmological collider | AOKI, Shuntaro |
| 2:40 PM | [121] Primordial black holes from inflation: dark matter, gravitational waves and imprints from evaporation | JAIN, Rajeev Kumar |
| 3:00 PM | [161] Exploring the Non-Gaussianity of the Cosmic Infrared Background and Its Weak Gravitational Lensing | Mr LEE, Jaemyoung |
| 3:20 PM | [123] Composite Dilaton Inflation | CHEONG, Dhong Yeon |
| 3:40 PM | [124] Inflation and tachyonic preheating with twin waterfalls | MENKARA, Adriana |
