

IBS Conference on Neuronal and Glial Functions

Thursday, 26 October 2023

Session 2: Speaker 1 - Eunee Lee <Decreased correlative neural activity of mPFC during social interaction in Shank2 mutant mice> (13:00 - 13:20)

Session 2: Q&A (13:20 - 13:30)

Session 2: Speaker 2 - Christine M. Constantinople <Neural mechanisms of inference> (13:30 - 13:50)

Session 2: Q&A (13:50 - 14:00)

Session 2: Speaker 3 - Nuo Li <A combinatorial code for motor memory> (14:00 - 14:20)

Session 2: Q&A (14:20 - 14:30)

Session 2: Speaker 4 - Jeong-Tae Kwon <Neuromodulatory regulation of social behavior> (14:30 - 14:50)

Session 2: Q&A (14:50 - 15:00)
