

# Summer Institute 2025 (Aug 17 - 22, 2025)

## Thursday, 21 August 2025

**Parallel session 5 (14:00 - 16:00)**

-Conveners: Chan Beom Park

time	[id] title	presenter
14:00	[10] Searching for ways to probe pseudo-Nambu-Goldstone-Boson dark matter	SHEIKH, Riasat
14:20	[18] Multi-component dark matter from Minimal Flavor Violation	OKAWA, Shohei
14:40	[32] A Z4 symmetric model for self-resonant dark matter	JUSTINO, Lucca
15:00	[42] Composite Dark Matter with Forbidden Annihilation	YAMANAKA, Takumu
15:20	[47] Superheavy Supersymmetric Dark Matter for the origin of KM3NeT Ultra-High Energy signal	JHO, Yongsoo
15:40	[23] Effects of electroweak phase transition on dark matter relic abundance	IDEGAWA, Chikako
